

McManus/Soehl Boys Soccer Fall 2022

Parents/Guardians,

As the McManus/Soehl Boys Soccer program has progressed this year we realized we did not have enough boys to field teams for each individual school. We created a competitive team that will play all home and away games. All players who did not make the competitive team will be on our practice team. Players are aware of who made the competitive game playing team.

We will follow the McManus Middle School Boys Soccer schedule. Anytime there is not a game we will have practice. All players are invited to practice. We will divide into groups and work on the skills needed to be more proficient in the game of soccer. We do expect players to be at practice. If your player will not be at practice, please notify one of the coaches. Practice does end around 5:00pm. If you are picking your player up from practice, please be on time.

Thank you
