

School No. 5 "Wee Deliver" Program

The Wee Deliver Program is an in-school postal service that allows students to practice letter writing and it encourages communication throughout the entire school. Our School has its very own Post Office! All students and all staff members are utilizing this program! The two most important things about "Wee Deliver" is that it is student lead and it is cross-curricular.

Our third graders, who are our postmasters, are responsible for our weekly mail delivery. They retrieve, sort, and disperse the mail.

Aside from our weekly mail delivery, School No. 5 has incorporated into their curriculum school-wide monthly letter writing events. In addition to this, many teachers have also implemented "Wee Deliver" as a literacy center too.

The implementation of this program teaches students real life skills that will translate to their future endeavors. Examples: being punctual, reliable, neatness counts, proper postage, teamwork, etc.

Our in-school postal service also reinforces the Six Pillars of Character which tie into our Student of the Month Themes and PBSIS Principles:

- ❖ trustworthiness
- ❖ respect
- ❖ responsibility
- ❖ fairness
- ❖ caring
- ❖ citizenship
- ❖ The Wee Deliver Program has had a great impact on our school climate. Students and staff members are excited to send and receive letters!

Neither rain or snow will keep our postmasters from delivering our mail!!

The Wee Deliver Program was implemented by our 3rd Grade Teacher, Mrs. Suggs. The program advisors are Mrs. Suggs and Ms. Dauphin. Any questions about this program, please email rsuggs@lindenps.org.
